Pre-Touch Protection

Avoid unnecessary worry by spraying before you have to touch that knob, fosset or door handle.

You will not damage, bleach or affect any surface negatively. All you are doing is spraying a protective coating on the object, before you touch it.

- + Removes 99,999% of bacteria
- + Effective against corona- and norovirus
- + Long-term protection
- + TouchSafe
- + Antistatic
- + pH neutral
- + 225 sprays
